Reason: Adding new project within North Front Range MPO area. Project is funded with TCC directed funds.												

ROLL FORWARDS (shown Program-by-Program above)

Dollar figures flagged above as "Roll Forwards" (see light blue borders) address the need for rebudgeting created by the ERP system at CDOT when doing phase balance transfers within projects whose federal funds had been programmed in previous years. The NFRMPO understands the dollars shown as Roll Forwards for completion of these projects do not deduct from the current TIP control totals within the various programs.
