Discussion Items

PAFC RELATIONSHIP	Alex stated the Senior Transportation Coalition is the Mobility and Access Priority Group through PAFC, but there could be stronger ties between the two groups. Jim and Katy discussed the history of PAFC and why STC became part of the PAFC organization. The group decided to rename the Senior Transportation Coalition as the Mobility & Access Priority Group to help solidify the relationship between the two groups. Anna asked to confirm what the age group for PAFC was. The answer was that it depends but is usually considered 60 and above.
TRANSPORTATION WORK GROUP UPDATE	Alex provided a quick update to the \$5304 grant. There is a complete and bound copy of the Implementation Plan. The plan will go to Planning Council for discussion and hopefully approval. The website (https://nfrmpo.org/mobility/ococ-project/) has been updated.
BUILT ENVIRONMENT SURVEY THEMES	<p>Brooke discussed the background of panel surveys that the Build Environment team has been working on. Some of the surveys focused on transportation, and Brooke discussed the following themes about barriers to transportation:</p> <ul style="list-style-type: none">• Language• Resources• Ticket prices• General knowledge, like how many bags are allowed? <p>The Built Environment team will continue to look at panel surveys and results. The Built Environment team would like to keep the panel surveys going, but there are some questions to answer administratively.</p>
2020 WORK PLAN	The group discussed what projects they would like to work on in 2020. These projects include: Bustang Travel Trainings (2-3 per year), Regional Travel Trainings (starting again in spring), holding a Transportation Fair (Health Expo in Fort Collins, need equivalent in Loveland and Berthoud), and education and outreach (Poudre Express).
