1

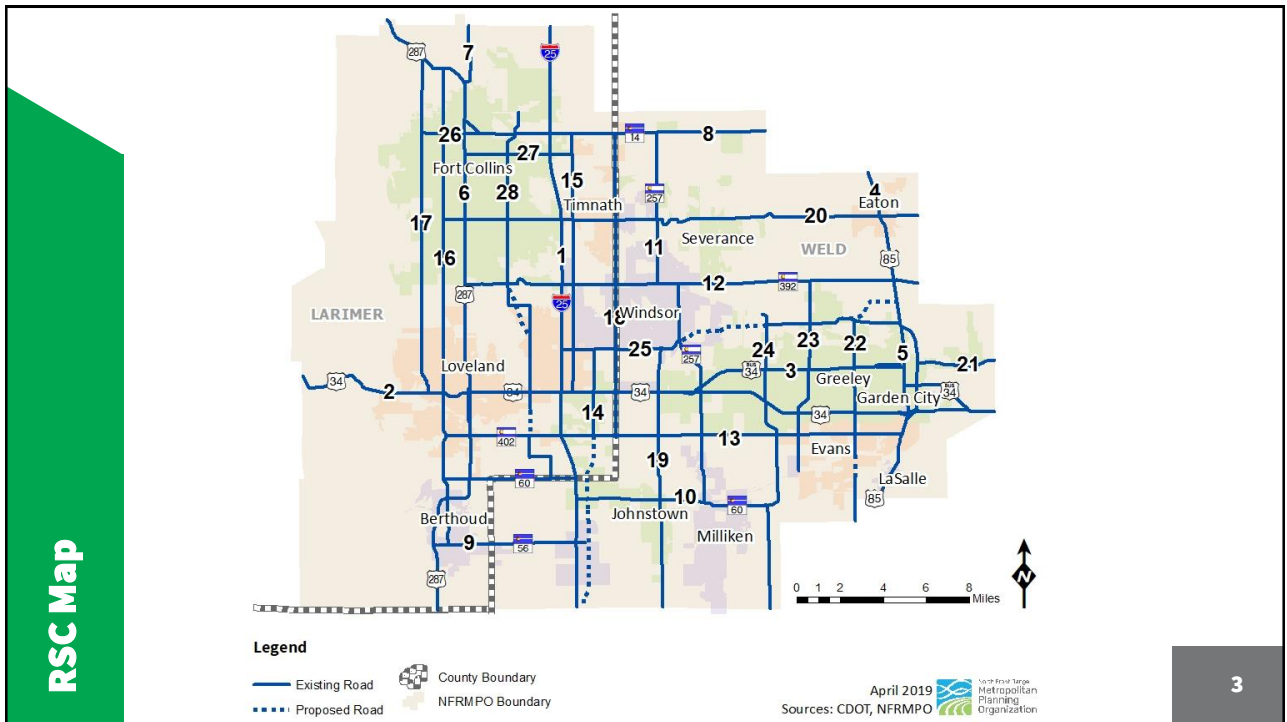

Regionally Significant Corridors

2050 RTP

- ✓ Include all Interstates, US Highways, and State Highways.
- ✓ Include all other roadways that meet the following criteria:
 - ✓ The roadway is eligible to receive federal aid.
 - ✓ The roadway goes through more than one governmental jurisdiction or connects to an activity center by 2045.
 - ✓ Segments of roadway that do not yet exist or are not currently federal-aid eligible have improvements planned by 2045.
 - ✓ The roadway serves regional traffic as determined by local knowledge

2

2

3

Regional Active Transportation Corridors

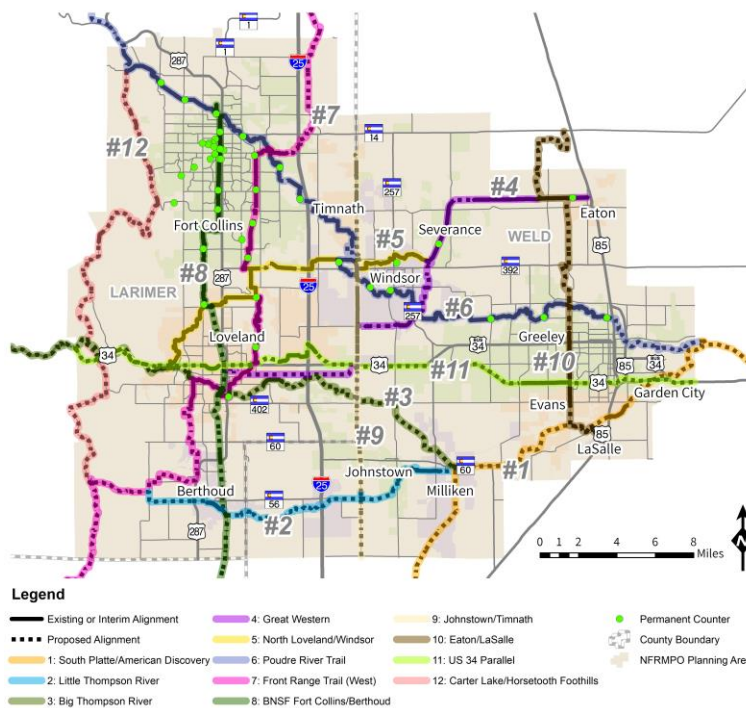

2050 RTP

- ✓ Recommended network for bicycle and pedestrian transportation and recreation between communities
- ✓ The RATCs were developed and updated through a collaborative process
- ✓ Identified in 2013 Regional Bike Plan, updated in 2016 Non-Motorized Plan, and 2021 Active Transportation Plan

11

Recap

2050 RTP

- ✓ Planning Council directive to look at connecting communities within the NFRMPO region
- ✓ Complementary to Front Range Passenger Rail but should focus on community connections
- ✓ Prioritize three corridors for deeper analysis, including stop placement, potential cross sections, and phasing options
- ✓ Study financing and governance of regional transit in the region
