Discussion Items

AARP COMMUNITY CHALLENGE GRANT UPDATES	Schmitt shared that the Red Feather Lakes application to the AARP Community Challenge Grant for a ribbon-cutting event has been withdrawn since operation funds have not been secured for the project.
JUNE WORKSHOP: WALKING/ACCESSI BILITY AUDIT	<p>Members discussed the location, timeframe, and other details for the 2022 Walk Audit. Russo noted that the Larimer County Built Environment program has materials related to walking audits (see attached), and they had done a walk audit a few years ago in Loveland. Fletcher-Carter suggested either Old Town Berthoud or another location in Loveland as the location for the walk audit.</p> <p>Schmitt noted that streetscape improvements are coming soon through the City of Fort Collins in the Midtown area, so this could be an opportune time to give feedback on accessibility of this area for older adults and people with disabilities.</p> <p>Russo suggested to connect with FC Moves to give feedback on the route. The group could also give feedback to the North College BRT planning process by conducting an walk audit in the district by connecting with Melina Dempsey or Seth Lorson with the City of Fort Collins.</p> <p>The group then reviewed a few potential routes in the Midtown/Foothills Mall area and agreed to conduct this walk audit in this area. Mumma suggested looking at the parking lot more in depth as well as the entrance to Trader Joe's. He noted it is</p>

	<p>difficult to traverse between commercial buildings and the centralized mall building. Courtney also suggested visiting a low-income senior living complex (Oakbrook) that is across Stanford Rd from the Mall.</p> <p>The group decided that this walk audit should last 2 hours on June 2nd from 10am to 12pm with an informal meal afterwards. About 8 MAPG members raised their hands that they would likely participate. Johnson suggested asking if any City of Fort Collins Foothills Activity Center employees would be interested in participating. Fletcher-Carter suggested inviting people living in the multifamily units near there. Russo suggested reaching out to the Arc Thrift Store along College Ave as well.</p> <p>Fletcher-Carter noted that this work is also impactful on parents with strollers. The group suggested looping in school groups such as Boltz Middle School for this or future events.</p>
FALL WORKSHOP: HEALTHCARE & TRANSPORTATION SUMMIT	<p>The group discussed a potential Healthcare and Transportation Summit. Fletcher-Carter noted that RideNoCo will be an important tool for healthcare providers to direct clients to transportation resources.</p> <p>Fletcher-Carter noted that the meeting format may need to be hybrid so healthcare providers could better participate. Schmitt noted that Medical Center for the Rockies may be a good location. Fletcher-Carter noted that the Rehabilitation Center is also a good central location.</p> <p>Fletcher Carter noted that having multiple, smaller summits or roundtables may be more successful. Johnson suggested that the Mobility & Access Priority Group/PAFC help put together a toolkit (agenda, questions/discussion items, etc.) to facilitate the roundtables to then help partners put these events together. Fletcher-Carter suggested that the Medical Center is a co-host and ask the co-host what agenda items the medical providers would like to discuss. Members will work together on putting together this toolkit and planning for initial healthcare & transportation roundtables at future meetings.</p>

Member Updates

PAFC TRANSFORT	<p>McLeod noted that PAFC is hosting a virtual volunteer pilot project. They need 30 volunteers.</p> <p>Russo noted that Transfort is showcasing their new electric busses on April 22, 2022 from 1:30 to 4:30 pm in Old Town Fort Collins (Mountain Avenue and College Avenue).</p>
