	Katy Mason, citizen		

<b>MEETING NOTES</b>	No comments.
<b>ONE CALL/ONE CLICK CENTER UPDATES</b>	Schmitt provided an update on RideNoCo including updates on the trip discovery tool, the trip scheduling steering committee. <a href="#">Slides attached.</a>

## Discussion Items

<b>WALK AUDITS: NEXT STEPS</b>	<p>Schmitt proposed another walk audit in 2023 due to the success of the previous walk audit.</p> <p>McLeod went over the funding opportunities available and one grant available due October 26<sup>th</sup>. Proposed using one assessment piece throughout the community. Lorye wanted to get information from the group to find out if there was a need for a grant, and what would the group ask for to move the project forward.</p> <p>Bettolo went over the walk audit toolkit and best practices. Currently going through communications department for review. Built environment grant, funding cycle ends June 2023. Sent application for funding.</p> <p>Alex mentioned similar conversations on walk audits with NoCo Bike and Ped Collaborative for opportunities for community ambassadors and interest from NoCo Bike and Ped. Could reach out to other MPO networks and come up with different themes for walk audits.</p> <p>Schmitt mentioned potentially 2 walk audits a year in various locations in Larimer County and training opportunity for ambassadors and self-directed volunteer team doing lion's share of the work in the community.</p> <p>McLeod thinks that would be great.</p> <p>Gordon also likes Schmitt's idea.</p>
--------------------------------	--

	<p>Russo asked if anyone had reached out to City of Fort Collins FC Moves Department with their new Active Modes plan which may have been already adopted sometime this Fall and if it had included walk audits and if not would be a good resource. Russo also mentioned robust volunteer program and could ask city volunteer manager to recruit volunteers for walk audit.</p>
<p><b>FALL WORKSHOP: HEALTHCARE &amp; TRANSPORTATION ROUNDTABLE</b></p>	<p>Schmitt reviewed the status of the Fall Healthcare &amp; Transportation Workshop. Will have to table the workshop. While covid numbers are down, staff shortages exist and strain on health care system, no capacity to make that event happen. Possible for 2023.</p> <p>Mason mentioned there is still interest, but not at top of priority list with short staff.</p> <p>Schmitt mentioned getting Riders Guides out to those discharge teams.</p> <p>Mason mentioned JoAnn Herkenhoff with UCHealth could get Guides out to various discharge teams.</p> <p>Schmitt mentioned a central contact for UC Health system is important.</p>
<p><b>2023 BRAINSTORM</b></p>	<p>Schmitt asked group on December 2022 presentation and if group still wanted to meet.</p> <p>Mason asked if there would be more information on walk audits to discuss then it would be important to meet so as to continue making progress on Ambassador Program. Schmitt mentioned that meeting does not have to be exact Thursday and can be based on everyone's availability. Baker mentioned partnering with LCDHE on train the trainer event and mini walk audit in lieu of December meeting. Members agreed that this was a great idea.</p> <p>Schmitt asked if everyone liked the 4 meetings 2 workshops for 2023.</p> <p>Mason approves. Russo approves.</p> <p>When discussing potential presentations, Russo willing to ask planners for North College Max and W Elizabeth plans if they could give a presentation.</p> <p>Schmitt proposed getting an overview of PAFC and what those other priority groups work on and how it fits into the PAFC umbrella.</p> <p>McLeod thinks that would be great.</p>

	<p>Mason asked if there was anything RideNoCo needs like help with outreach through PAFC to expand outreach. Schmitt replied that Johnson and Ibtesam are working on RideNoCo Travel Training program and group could help with reviewing that program and getting feedback as well as giving the tools to share with the groups' partners as well.</p> <p>Courtney asked if Bustang travel training would be available.</p> <p>Schmitt replied that RideNoCo is not a one size fits all approach, it can be customized and tailored to fit the needs of the travel trainees, and another Bustang travel training can definitely be an option.</p>
<b>WELD COUNTY AGING WELL TRANSPORTATION</b>	Schmitt presented the Weld County Aging Well Transportation Plan goals and received feedback from members.

### Member Updates

	<p>Courtney went over the Larimer County candidates forum which covers issues to address to older adults to be held Thursday Oct 13<sup>th</sup> from 6-8pm. It's on Zoom in a virtual format and not in person. Can go to PAFC website or Larimer County Office and Aging website to register.</p>
