2025-A3

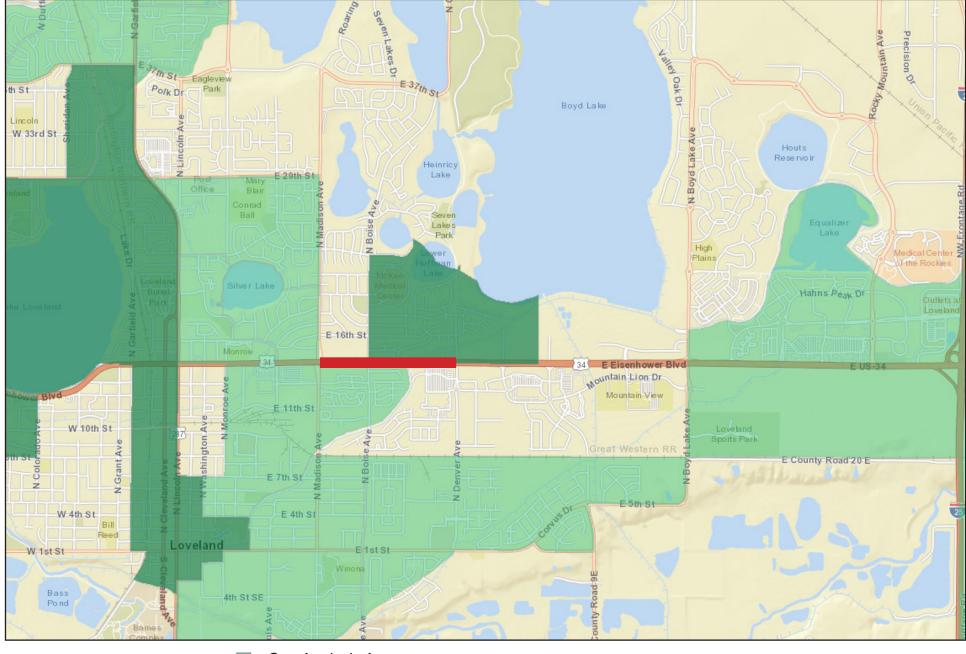

2024 NFRMPO Multimodal Transportation and Mitigations Options Fund (MMOF) Demographic and Environmental Impact Analysis Worksheet

Bodily impairment, infirmity, illness, or death Air, noise, and water pollution and soil contamination Destruction or disruption of man-made or natural resources, aesthetic values, or availability of public and private facilities	Short Term (Construction)	Long Term (Post Construction)
Project located 1/4 mile from NFRMPO Equity Index Area Anticipated Project Burdens Bodily impairment, infirmity, illness, or death Air, noise, and water pollution and soil contamination Destruction or disruption of man-made or natural resources, aesthetic values, or availability of public and private facilities		
Anticipated Project Burdens Image: Comparison of Compa		
Bodily impairment, infirmity, illness, or deathAir, noise, and water pollution and soil contaminationDestruction or disruption of man-made or natural resources, aesthetic values, or availability of public and private facilities		
Air, noise, and water pollution and soil contamination Destruction or disruption of man-made or natural resources, aesthetic values, or availability of public and private facilities		
Destruction or disruption of man-made or natural resources, aesthetic values, or availability of public and private facilities		_
aesthetic values, or availability of public and private facilities		
and services		
Adverse impacts on community cohesion or economic vitality		
Noise and vibration		
Increased traffic congestion, isolation, exclusion, or separation		
Anticipated Burdens (including additional anticipated burdens)		•
Anticipated Project Benefits		
Decrease in travel time		
Improved air quality		
Expanded access to employment opportunities		
Improved access to transit options and alternative modes of		
transportation (walking and bicycling)		
Anticipated Benefits (including additional anticipated benefits)		

Outreach/Public Involvement

US-34 Transit Sidewalk Connectivity
