

APPENDIX A: EQUITY ANALYSIS

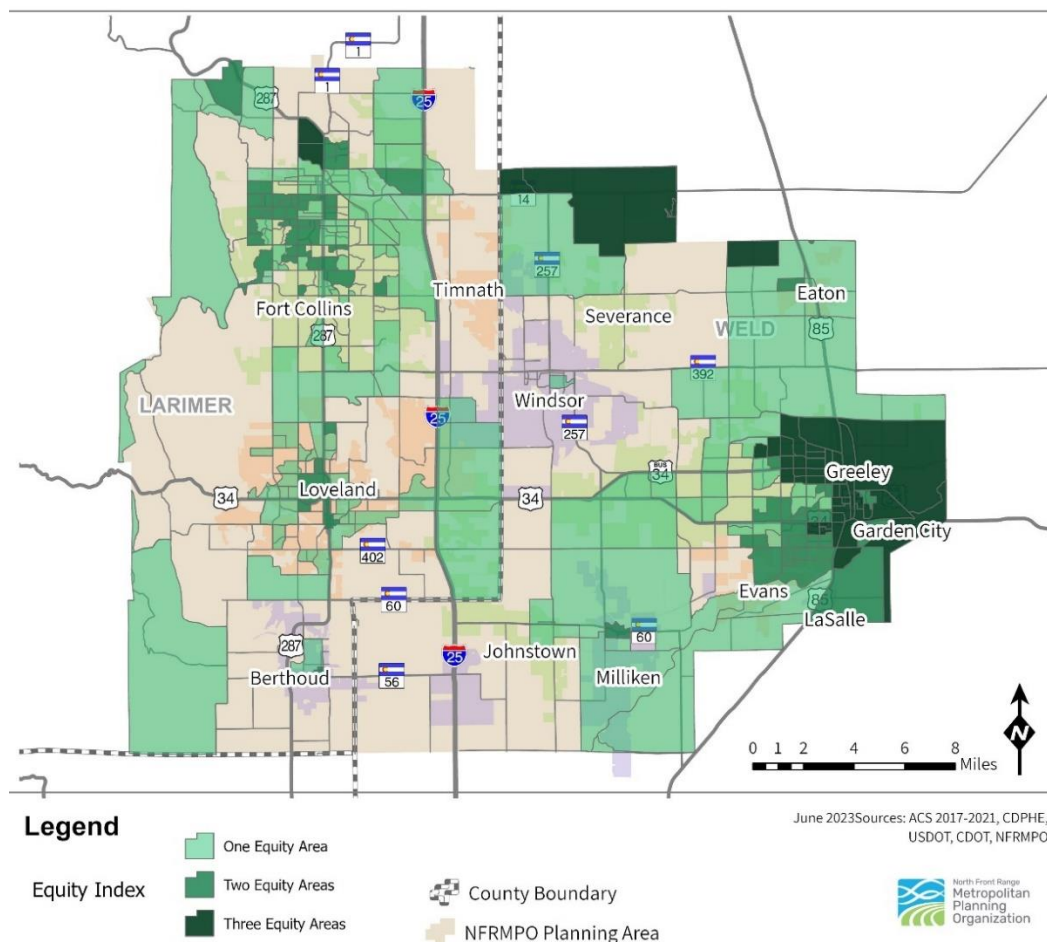

Introduction

The Equity Analysis (formerly referred to as the Environmental Justice (EJ) Analysis) for the FY 2024-2027 TIP identifies the location of equity areas and analyzes the benefits and burdens for individual projects in the TIP. It is important to identify where significant numbers of minority and low-income households are located within the region to comply with the requirements of Executive Order 12898, *Federal Actions to Address Environmental Justice in Minority and Low-Income Populations*, and DOT Order 5610.2(a). These Orders were enacted to ensure the full and fair participation of potentially affected communities in transportation decisions. The intent of Equity is to avoid, minimize, or mitigate disproportionately high and adverse impacts on minority populations and low-income populations.

NFRMPO Equity Areas

The NFRMPO has created an Equity Index of census block groups within the NFRMPO area which qualify as disadvantaged based on Justice40, DI Community, or EJ definitions. Census block groups are assigned a score between one and three, based on if they qualify under one, two, or three equity area definitions. The Equity Index map illustrates the census block groups in the region which qualify as disadvantaged based on this criterion. The Equity Index areas within the NFRMPO are displayed in **Figure A-1**.

Figure A- 1: 2023 Equity Index Areas

Equity Analysis

Of the 45 location specific projects included in the Equity analysis for the FY2024-2027 TIP, four projects are within a quarter mile of a census block group designated as disadvantaged under all three definitions. 16 projects each are within a quarter mile of a census block group designated disadvantaged under two definitions and one definition. Overall, 80 percent of projects are within an equity index area, and 20 percent of projects are not located in an equity index area, as illustrated in **Figure A-2**. All location specific projects are included in **Table A-1** which records the impact of the benefits, burdens, and outreach activities related to each individual project. The Equity Analysis is conducted by project sponsors either during the project application process (for NFRMPO awarded projects) or at the time of inclusion in the TIP for any non-NFRMPO awarded projects.

Figure A- 2: Equity Index Areas and FY 2024-2027 TIP Projects by Project Type

Legend

Expanded access to employment opportunities	No	No	No	No
Improved access to transit options and alternative modes of transportation (walking & biking)	Yes	Yes	Yes	Yes

Criteria	North LCR-17 Expansion	
Project Information		
Project included in the FY 2023-2026 TIP	Yes	
Within 1/4 mile of Equity Index Area	Yes	
Project Sponsor	Larimer County	
TIP ID	2021-001	
Project Type	Bike & Ped	
Funding Source	TA/STBG/CRP/PNF	
Call Awarded	2018 & 2022	
Burdens	Short Term (Construction)	Long Term (Post Construction)
Bodily impairment, infirmity, illness, or death	No	No
Air, noise, and water pollution and soil contamination	Yes	No
Destruction or disruption of man-made or natural resources, aesthetic values, or availability of public and private facilities and services	No	No
Adverse impacts on community cohesion or economic vitality	No	No
Noise and vibration	Yes	No
Increased traffic congestion, isolation, exclusion, or separation	Yes	No
Additional Anticipated Burdens	Typical construction activity dust, noise, smells, vibrations, etc are anticipated. No water pollution or soil contamination are anticipated, even during construction. Typical construction traffic congestion during normal construction traffic control operations can be expected. No isolation, exclusion or separation are anticipated.	
Benefits		
Decrease in travel time	Yes	
Improved air quality	Yes	
Expanded access to employment opportunities	Yes	
Improved access to transit options and alternative modes of transportation (walking and bicycling)	Yes	
Additional Anticipated Benefits	Widening travel lanes and including a 6' shoulder as a buffer between vehicular traffic and bicyclists and pedestrians will improve the safety and reliability of the roadway. Providing a safer corridor for multimodal use will allow greater access to transit options and alternative modes of transportation connecting to the urban areas of Fort Collins, improving employment opportunities.	
Outreach		
Individual letters were mailed to each affected property owner including project updates. Signs have been posted along the corridor identifying the project number and contact information.		

Criteria	Siphon Overpass	
Project Information		
Project included in the FY 2023-2026 TIP	Yes	
Within 1/4 mile of Equity Index Area	No	
Project Sponsor	Fort Collins	
TIP ID	2020-031	
Project Type	Bike/Ped	
Funding Source	MMOF & CRP	
Call Awarded	2019 & 2022	
Burdens	Short Term (Construction)	Long Term (Post Construction)
Bodily impairment, infirmity, illness, or death	No	No
Air, noise, and water pollution and soil contamination	Yes	No
Destruction or disruption of man-made or natural resources, aesthetic values, or availability of public and private facilities and services	Yes	No
Adverse impacts on community cohesion or economic vitality	No	No
Noise and vibration	Yes	No
Increased traffic congestion, isolation, exclusion, or separation	No	No
Additional Anticipated Burdens	Construction activities will have minor impacts such as noise. The trail may have partial or full closures for short durations during construction. However, the City and contractor will make every effort to minimize impact severity and duration.	
Benefits		
Decrease in travel time	Yes	
Improved air quality	Yes	
Expanded access to employment opportunities	Yes	
Improved access to transit options and alternative modes of transportation (walking and bicycling)	Yes	
Additional Anticipated Benefits	The Project will eliminate the need for many trail users to travel up to 2 miles to access the Power Trail and the adjacent roadway and trail networks. The new crossing will provide connection to homes (existing and planned), businesses, a school, and a future trail to the east. The Project will expand access to the regional trail network as well as existing transit.	
Outreach		
The Project was identified in a grade-separated crossing study as one of the highest priorities of the City of Fort Collins. The study was presented at and reviewed by various boards, commissions, and advocacy groups. During design and construction, the Project will maintain a website and the design will be presented at boards, commissions, advocacy groups, and to various stakeholders. Outreach will continue through design and construction.		

Criteria	West Elizabeth Corridor Design	
Project Information		
Project included in the FY 2023-2026 TIP	Yes	
Within 1/4 mile of Equity Index Area	Yes	
Project Sponsor	Fort Collins	
TIP ID	2020-025	
Project Type	Study	
Funding Source	MMOF	
Call Awarded	2019 & 2022	
Burdens	Short Term (Construction)	Long Term (Post Construction)
Bodily impairment, infirmity, illness, or death	No	No
Air, noise, and water pollution and soil contamination	No	No
Destruction or disruption of man-made or natural resources, aesthetic values, or availability of public and private facilities and services	No	No
Adverse impacts on community cohesion or economic vitality	No	No
Noise and vibration	No	No
Increased traffic congestion, isolation, exclusion, or separation	No	No
Additional Anticipated Burdens	Because this is a planning project only, there are no anticipated burdens. The future construction of the West Elizabeth Enhanced Travel Corridor will reduce pollution, noise and traffic congestion in the area. The City of Fort Collins is actively working through the NEPA process with the 30% design of the corridor.	
Benefits		
Decrease in travel time	Yes	
Improved air quality	Yes	
Expanded access to employment opportunities	Yes	
Improved access to transit options and alternative modes of transportation (walking and bicycling)	Yes	
Additional Anticipated Benefits	Finalizing the design of the West Elizabeth corridor is necessary to enter into construction of the project. The construction of this project will accomplish the following: a bus rapid transit system comprised of zero emission buses, pedestrians will have access to consistent, ADA-compliant, detached sidewalks; and enhanced crossings and protected intersections.	
Outreach		
The West Elizabeth project team held two open houses on July 9, 2021. A virtual feedback option was also open until July 31, 2021 and a second virtual feedback option was open until November 1, 2021. Additionally, common themes from previous public engagement opportunities were addressed in the adopted West Elizabeth Enhanced Corridor Plan.		

Criteria	Poudre Trail Wayfinding – I25 to Island Grove Park
Project Information	
Project included in the FY 2023-2026 TIP	Yes
Within 1/4 mile of Equity Index Area	Yes
Sponsor	Windsor
TIP ID	2023-010
Project Type	Bike/Ped Improvements
Funding Source	TA
Call Awarded	2021
Burdens	
Bodily impairment, infirmity, illness, or death	No
Air, noise, and water pollution and soil contamination	No
Destruction or disruption of man-made or natural resources, aesthetic values, or availability of public and private facilities and services	No
Adverse impacts on community cohesion or economic vitality	No
Noise and vibration	No
Increased traffic congestion, isolation, exclusion, or separation	No
Additional Anticipated Burdens	
Benefits	
Decrease in travel time	Yes
Improved air quality	Yes
Expanded access to employment opportunities	Yes
Improved access to transit options and alternative modes of transportation (walking and bicycling)	Yes
Additional Anticipated Benefits	Signage is anticipated to help reduce reliance on vehicular use, better improve guidance and wayfinding to key locations for school, work, commerce, etc.
Outreach	
<p>Wayfinding has been identified as a key element needed by each entity involved in this project. Wayfinding is called out in one for or another in multiple plans from each community, each plan included extensive public outreach, some of the plans include: 2020 Town of Windsor Transportation Master Plan, 2020 Timnath Comprehensive Plan, 2020 Greeley Natural Areas Strategic Plan and Larimer County Open Lands Master Plan 2015</p>	

Criteria	Willow Bend Trail
Project Information	
Project included in the FY 2023-2026 TIP	Yes
Within 1/4 mile of Equity Index Area	Yes
Project Sponsor	Loveland
TIP ID	2024-001
Project Type	Bike/Ped Facility
Funding Source	TA
Call Awarded	2021
Burdens	
Bodily impairment, infirmity, illness, or death	No
Air, noise, and water pollution and soil contamination	No
Destruction or disruption of man-made or natural resources, aesthetic values, or availability of public and private facilities and services	No
Adverse impacts on community cohesion or economic vitality	No
Noise and vibration	No
Increased traffic congestion, isolation, exclusion, or separation	No
Additional Anticipated Burdens	None Provided
Benefits	
Decrease in travel time	Yes
Improved air quality	Yes
Expanded access to employment opportunities	Yes
Improved access to transit options and alternative modes of transportation (walking and bicycling)	Yes
Additional Anticipated Benefits	The willow bend trail aims to create a youth-centered campus in conjunction with the City's daycare and camps, the Boys & Girls Club, and Loveland Youth Gardens, and features inclusive outdoor recreation facilities and adaptive recreation programming for individuals with special needs. Partners in the campus include the Boys & Girls Club of Larimer County and Loveland Youth Gardeners - both of whom cultivate life- and work skills, environmental stewardship and community service for at-risk and special needs youth who often reach their services by bike. The trail will connect the campus to low-income communities and communities of concern via the recreation trail system.
Outreach	
Public outreach was led by a youth advisory council from 2016-2018 as part of a GOCO Inspire Initiative. Guided field trips, public meetings, local educator workshops, and surveys resulted in plans for connection, park amenities and programming as well as strong community support for the project. The City has built on those plans with outreach to advisory commissions in 2020 and 2021 and began targeted stakeholder outreach with help from a design consultant in October 2021.	

Criteria	35 th Avenue Adaptive Signal Control Technology
Project Information	
Project included in the FY 2023-2026 TIP	Yes
Within 1/4 mile of Equity Index Area	Yes
Project Sponsor	Greeley
TIP ID	2024-002
Project Type	ITS Traffic Controls
Funding Source	CMAQ
Call Awarded	2021
Burdens	
Bodily impairment, infirmity, illness, or death	No
Air, noise, and water pollution and soil contamination	No
Destruction or disruption of man-made or natural resources, aesthetic values, or availability of public and private facilities and services	No
Adverse impacts on community cohesion or economic vitality	No
Noise and vibration	No
Increased traffic congestion, isolation, exclusion, or separation	No
Additional Anticipated Burdens	None Provided
Benefits	
Decrease in travel time	Yes
Improved air quality	Yes
Expanded access to employment opportunities	No
Improved access to transit options and alternative modes of transportation (walking and bicycling)	No
Additional Anticipated Benefits	None Provided
Outreach	
<p>Outreach conducted for the Greeley on the Go- Transportation Master Plan indicated that congestion on 35th Avenue was a concern among a large number of City residents. Improving the operation on 35th Avenue to reduce congestion is in-line with feedback that was received at various outreach events.</p>	

Criteria	Mulberry Street Traffic Signal Synchronization
Project Information	
Project included in the FY 2023-2026 TIP	Yes
Within 1/4 mile of Equity Index Area	Yes
Project Sponsor	Fort Collins
TIP ID	2024-003
Project Type	ITS Traffic Controls
Funding Source	CMAQ
Call Awarded	2021
Burdens	
Bodily impairment, infirmity, illness, or death	No
Air, noise, and water pollution and soil contamination	No
Destruction or disruption of man-made or natural resources, aesthetic values, or availability of public and private facilities and services	No
Adverse impacts on community cohesion or economic vitality	No
Noise and vibration	No
Increased traffic congestion, isolation, exclusion, or separation	No
Additional Anticipated Burdens	None Provided
Benefits	
Decrease in travel time	Yes
Improved air quality	Yes
Expanded access to employment opportunities	No
Improved access to transit options and alternative modes of transportation (walking and bicycling)	As a State Highway and truck route, Mulberry Street will see significant benefits with decreased freight congestion and travel times, providing goods and services to vulnerable populations.
Additional Anticipated Benefits	None Provided
Outreach	
<p>As this Project is in the early planning stage, public outreach has not been conducted specifically for the Project. The Project is not anticipated to be controversial, and delivery is not anticipated to have significant impacts on the traveling public or surrounding community. The City will add this Project to existing websites to inform the public of the grant award, scope and schedule.</p>	

Criteria	US287 Signal Coordination Improvements - Loveland
Project Information	
Project included in the FY 2023-2026 TIP	Yes
Within 1/4 mile of Equity Index Area	Yes
Project Sponsor	Loveland
TIP ID	2024-004
Project Type	ITS Traffic Controls
Funding Source	CMAQ
Call Awarded	2021
Burdens	
Bodily impairment, infirmity, illness, or death	No
Air, noise, and water pollution and soil contamination	No
Destruction or disruption of man-made or natural resources, aesthetic values, or availability of public and private facilities and services	No
Adverse impacts on community cohesion or economic vitality	No
Noise and vibration	No
Increased traffic congestion, isolation, exclusion, or separation	No
Additional Anticipated Burdens	None Provided
Benefits	
Decrease in travel time	Yes
Improved air quality	Yes
Expanded access to employment opportunities	No
Improved access to transit options and alternative modes of transportation (walking and bicycling)	No
Additional Anticipated Benefits	None Provided
Outreach	
None Provided	

Criteria	On-Route Battery Electric Bus Chargers
Project Information	
Project included in the FY 2023-2026 TIP	Yes
Within 1/4 mile of Equity Index Area	Yes
Project Sponsor	Fort Collins
TIP ID	2024-005
Project Type	Charging and Fueling Infrastructure
Funding Source	CMAQ
Call Awarded	2021
Burdens	
Bodily impairment, infirmity, illness, or death	No
Air, noise, and water pollution and soil contamination	No
Destruction or disruption of man-made or natural resources, aesthetic values, or availability of public and private facilities and services	No
Adverse impacts on community cohesion or economic vitality	No
Noise and vibration	No
Increased traffic congestion, isolation, exclusion, or separation	No
Additional Anticipated Burdens	None Provided
Benefits	
Decrease in travel time	No
Improved air quality	Yes
Expanded access to employment opportunities	No
Improved access to transit options and alternative modes of transportation (walking and bicycling)	No
Additional Anticipated Benefits	Deploying battery electric buses on routes originating from the Downtown Transit Center will reduce greenhouse gas and particulate matter emissions, reduce noise pollution, and improve quality of life adjacent to the service area. Transfort runs multiple routes through low-income and environmental justice (EJ) communities. Transitioning to an electric fleet will minimize disproportionately high and adverse health and environmental effects on these populations.
Outreach	
The City of Fort Collins engaged with the public, local business, and other stakeholders to develop and EV Readiness Roadmap this is comprehensive, holistic and serves all members of the community. Stakeholders were engaged through an EV Readiness Steering Committee, engagement during community meetings, social media, email and web updates and a web-based community questionnaire.	

Criteria	COLT Bus Replacement/Expansion
Project Information	
Project included in the FY 2023-2026 TIP	Yes
Within 1/4 mile of Equity Index Area	N/A
Project Sponsor	Loveland
TIP ID	2024-006
Project Type	Bus Replacement/Expansion
Funding Source	CMAQ
Call Awarded	2021
Burdens	
Bodily impairment, infirmity, illness, or death	No
Air, noise, and water pollution and soil contamination	No
Destruction or disruption of man-made or natural resources, aesthetic values, or availability of public and private facilities and services	No
Adverse impacts on community cohesion or economic vitality	No
Noise and vibration	No
Increased traffic congestion, isolation, exclusion, or separation	No
Additional Anticipated Burdens	None Provided
Benefits	
Decrease in travel time	No
Improved air quality	Yes
Expanded access to employment opportunities	Yes
Improved access to transit options and alternative modes of transportation (walking and bicycling)	Yes
Additional Anticipated Benefits	None Provided
Outreach	
This project is in alignment with the Connect Loveland Master Plan that included multiple public outreach events.	

Criteria	Intersection Improvements at SH257 & Eastman Park Dr.
Project Information	
Project included in the FY 2023-2026 TIP	Yes
Within 1/4 mile of Equity Index Area	No
Project Sponsor	Windsor
TIP ID	2020-013
Project Type	Intersection Improvements
Funding Source	STBG
Call Awarded	2021
Burdens	
Bodily impairment, infirmity, illness, or death	No
Air, noise, and water pollution and soil contamination	Yes
Destruction or disruption of man-made or natural resources, aesthetic values, or availability of public and private facilities and services	Yes
Adverse impacts on community cohesion or economic vitality	No
Noise and vibration	Yes
Increased traffic congestion, isolation, exclusion, or separation	Yes
Additional Anticipated Burdens	Duration of anticipated burdens expected to last during the construction stages of the project. Estimated 18 months.
Benefits	
Decrease in travel time	Yes
Improved air quality	Yes
Expanded access to employment opportunities	Yes
Improved access to transit options and alternative modes of transportation (walking and bicycling)	Yes
Additional Anticipated Benefits	Capacity is being added to the intersection resulting in a decrease in travel time. Pedestrian and bicycle facilities are also being added as a part of this project. Transit stops will be improved with all-weather surfaces and benches.
Outreach	
<p>This project was included as part of the Eastman Park Drive Corridor Plan, which analyzed the existing active transportation conditions along the corridor using technical data and public feedback. Significant public engagement opportunities were built in as part of the planning process and included a virtual visioning workshop, a three-day onsite design charrette, and two in-person public open houses. Each engagement opportunity encouraged stakeholders to comment on progress to date, which was then analyzed and recorded as part of the plan document. Public engagement also included marketing efforts to give public access to project materials and spread the word about engagement events. Media outlets utilized included a dedicated project website, social media posts, media releases, and email blasts. A desire for safe and affective active transportation facilities was a common theme among public comments. Specific input received related to a sidewalk connection on Eastman Park Drive West of SH257. And improved bike and pedestrian crossings at the intersection.</p>	

Criteria	US 287 and Trilby Intersection Improvements
Project Information	
Project included in the FY 2023-2026 TIP	Yes
Within 1/4 mile of Equity Index Area	Yes
Project Sponsor	Fort Collins
TIP ID	2023-002
Project Type	Intersection Improvements
Funding Source	STBG
Call Awarded	2021
Burdens	
Bodily impairment, infirmity, illness, or death	No
Air, noise, and water pollution and soil contamination	No
Destruction or disruption of man-made or natural resources, aesthetic values, or availability of public and private facilities and services	No
Adverse impacts on community cohesion or economic vitality	No
Noise and vibration	No
Increased traffic congestion, isolation, exclusion, or separation	No
Additional Anticipated Burdens	None Provided
Benefits	
Decrease in travel time	Yes
Improved air quality	Yes
Expanded access to employment opportunities	Yes
Improved access to transit options and alternative modes of transportation (walking and bicycling)	Yes
Additional Anticipated Benefits	None Provided
Outreach	
<p>The Project was identified in a prioritization study. Public outreach was conducted as part of that study. The Project has engaged the public through a website, public meetings, City boards and commissions, and individual contact with business and property owners.</p>	

Criteria	WCR 13 (LCR 1) and WCR 54 (LCR 18) Roundabout
Project Information	
Project included in the FY 2023-2026 TIP	Yes
Within 1/4 mile of Equity Index Area	Yes
Project Sponsor	Weld County, Larimer County
TIP ID	2024-007
Project Type	Intersection Improvements
Funding Source	STBG
Call Awarded	2021
Burdens	
Bodily impairment, infirmity, illness, or death	No
Air, noise, and water pollution and soil contamination	No
Destruction or disruption of man-made or natural resources, aesthetic values, or availability of public and private facilities and services	No
Adverse impacts on community cohesion or economic vitality	No
Noise and vibration	No
Increased traffic congestion, isolation, exclusion, or separation	No
Additional Anticipated Burdens	None Provided
Benefits	
Decrease in travel time	Yes
Improved air quality	Yes
Expanded access to employment opportunities	Yes
Improved access to transit options and alternative modes of transportation (walking and bicycling)	Yes
Additional Anticipated Benefits	Development opportunities will be improved because of the project.
Outreach	
Targeted public outreach occurred during the development of the Freedom Parkway Access Control Plan planning effort. Staff continually informs the public of projects occurring along the corridor.	

Criteria	US 34 EB Widening Construction
Project Information	
Project included in the FY 2023-2026 TIP	Yes
Within 1/4 mile of Equity Index Area	Yes
Project Sponsor	Loveland
TIP ID	2025-001
Project Type	Widening
Funding Source	STBG
Call Awarded	2021
Burdens	
Bodily impairment, infirmity, illness, or death	No
Air, noise, and water pollution and soil contamination	No
Destruction or disruption of man-made or natural resources, aesthetic values, or availability of public and private facilities and services	No
Adverse impacts on community cohesion or economic vitality	No
Noise and vibration	No
Increased traffic congestion, isolation, exclusion, or separation	No
Additional Anticipated Burdens	None Provided
Benefits	
Decrease in travel time	Yes
Improved air quality	Yes
Expanded access to employment opportunities	Yes
Improved access to transit options and alternative modes of transportation (walking and bicycling)	Yes
Additional Anticipated Benefits	None Provided
Outreach	
<p>US 34 is continuously identified in Loveland and regional discussions and outreach related to transportation. More specifically, it was identified in the public outreach efforts related to Connect Loveland, the update to the City's Transportation, Bicycle, Pedestrian and Transit Plans. Additional outreach will be included as this specific project moves through the design and construction phases.</p>	

Criteria	37th Street Widening Phase 3
Project Information	
Project included in the FY 2023-2026 TIP	Yes
Within 1/4 mile of Equity Index Area	No
Project Sponsor	Evans
TIP ID	2025-002
Project Type	Widening
Funding Source	STBG
Call Awarded	2021
Burdens	
Bodily impairment, infirmity, illness, or death	No
Air, noise, and water pollution and soil contamination	No
Destruction or disruption of man-made or natural resources, aesthetic values, or availability of public and private facilities and services	No
Adverse impacts on community cohesion or economic vitality	No
Noise and vibration	No
Increased traffic congestion, isolation, exclusion, or separation	No
Additional Anticipated Burdens	None Provided
Benefits	
Decrease in travel time	Yes
Improved air quality	Yes
Expanded access to employment opportunities	Yes
Improved access to transit options and alternative modes of transportation (walking and bicycling)	Yes
Additional Anticipated Benefits	The project, when completed, will reduce traffic congestion and improve overall traffic flow, which will greatly improve the commutes of teachers, buses, and parents bringing their children to Prairie Heights Middle School.
Outreach	
The City has been working on this corridor planning for the past 5-years. In the soon to be completed Transportation Master Plan, the City sees this project as improving the overall transportation infrastructure for vehicles, pedestrians and bicyclists.	

Criteria	I-25 and CO14 Interchange Improvements	
Project Information		
Project included in the FY 2023-2026 TIP	Yes	
Within 1/4 mile of Equity Index Area	Yes	
Project Sponsor	CDOT Region 4	
TIP ID	2023-020	
Project Type	Modify & Reconstruct	
Funding Source	Various	
Call Awarded	N/A	
Burdens	Short Term (Construction)	Long Term (Post Construction)
Bodily impairment, infirmity, illness, or death	No	No
Air, noise, and water pollution and soil contamination	Yes	Possible
Destruction or disruption of man-made or natural resources, aesthetic values, or availability of public and private facilities and services	No	No
Adverse impacts on community cohesion or economic vitality	No	No
Noise and vibration	Yes	Possible
Increased traffic congestion, isolation, exclusion, or separation	Yes	No
Additional Anticipated Burdens	N/A	
Benefits		
Decrease in travel time	Yes	
Improved air quality	No	
Expanded access to employment opportunities	No	
Improved access to transit options and alternative modes of transportation (walking and bicycling)	Yes	
Additional Anticipated Benefits	Improved floodplain safety	
Outreach		
CDOT will reach out early and often once a design consultant is selected. CDOT has not advertised the RFP to date, and it will be about a 4 month process after advertisement before the consultant will have Notice to Proceed.		

Criteria	US34 and US85 Interchange	
Project Information		
Project included in the FY 2023-2026 TIP	Yes	
Within 1/4 mile of Equity Index Area	Yes	
TIP ID	2024-011	
Project Sponsor	CDOT Region 4	
Project Type	Modify & Reconstruct	
Funding Source	Various	
Call Awarded	N/A	
Burdens	Short Term (Construction)	Long Term (Post Construction)
Bodily impairment, infirmity, illness, or death	No	No
Air, noise, and water pollution and soil contamination	Yes	No
Destruction or disruption of man-made or natural resources, aesthetic values, or availability of public and private facilities and services	No	No
Adverse impacts on community cohesion or economic vitality	No	No
Noise and vibration	Yes	No
Increased traffic congestion, isolation, exclusion, or separation	No	No
Additional Anticipated Burdens	N/A	
Benefits		
Decrease in travel time	Yes	
Improved air quality	No	
Expanded access to employment opportunities	No	
Improved access to transit options and alternative modes of transportation (walking and bicycling)	No	
Additional Anticipated Benefits	Safety improvements	
Outreach		
Although CDOT has reached to the public and municipalities during the study for the ultimate configuration which included discussion of this project phase, CDOT does not anticipate the need for additional public meetings since all of the work of this project phase will be within the current ROW and should have very limited to no environmental impacts.		

Criteria	I-25 Segment 5 (CO56 to CO66)	
Project Information		
Project included in the FY 2023-2026 TIP	Yes	
Within 1/4 mile of Equity Index Area	No	
Project Sponsor	CDOT Region 4	
TIP ID	2023-019	
Project Type	Modify & Reconstruct	
Funding Source	Legislative/Various	
Call Awarded	N/A	
Burdens	Short Term (Construction)	Long Term (Post Construction)
Bodily impairment, infirmity, illness, or death	No	No
Air, noise, and water pollution and soil contamination	Yes	No
Destruction or disruption of man-made or natural resources, aesthetic values, or availability of public and private facilities and services	No	No
Adverse impacts on community cohesion or economic vitality	No	No
Noise and vibration	Yes	No
Increased traffic congestion, isolation, exclusion, or separation	Yes	No
Additional Anticipated Burdens	N/A	
Benefits		
Decrease in travel time	Yes	
Improved air quality	Yes	
Expanded access to employment opportunities	Yes	
Improved access to transit options and alternative modes of transportation (walking and bicycling)	Yes	
Additional Anticipated Benefits	The Project will replace aging and functionally obsolete infrastructure, increase safety, provide drivers with the choice of a new, reliable travel lane, and increase public transit options. The Project will Incorporate multimodal options, such as carpool lots, future trail preservations, and greenhouse gas reducing measures.	
Outreach		
An Environmental Justice analysis document was prepared as part of the North I-25 EIS in 2011 which included specialized outreach efforts for minority and low-income populations. Additional outreach was conducted during the development of the Statewide Transportation Plan adopted in August 2020. Project outreach will continue and include virtual town meeting presentations, updates and videos of planned and completed work continuously posted on various social media platforms, and virtual public meetings.		

Criteria	I-25 NB and SB Diamond Grind: CO 1 North	
Project Information		
Project included in the FY 2023-2026 TIP	Yes	
Within 1/4 mile of Equity Index Area	Yes	
Project Sponsor	CDOT Region 4	
Project Type	Surface Treatment	
Funding Source	SUR (Surface Treatment Pool)	
Call Awarded	N/A	
Burdens	Short Term (Construction)	Long Term (Post Construction)
Bodily impairment, infirmity, illness, or death	No	No
Air, noise, and water pollution and soil contamination	Yes	No
Destruction or disruption of man-made or natural resources, aesthetic values, or availability of public and private facilities and services	No	No
Adverse impacts on community cohesion or economic vitality	No	No
Noise and vibration	Yes	No
Increased traffic congestion, isolation, exclusion, or separation	No	No
Additional Anticipated Burdens	None Anticipated	
Benefits		
Decrease in travel time	No	
Improved air quality	No	
Expanded access to employment opportunities	No	
Improved access to transit options and alternative modes of transportation (walking and bicycling)	No	
Additional Anticipated Benefits	Increased drivability life and improved safety from enhanced roadway surface.	
Outreach		
The project will follow CDOT's communications management process to share relevant information with travelers on N. I-25 and other stakeholders.		

Criteria	US34 Regional Mobility Hub	
Project Information		
Project included in the FY 2023-2026 TIP	Yes	
Within 1/4 mile of Equity Index Area	Yes	
Project Sponsor	Greeley, CDOT	
TIP ID	2023-017	
Project Type	Mobility Hub	
Funding Source	MMOF, CMAQ	
Call Awarded	2022	
Burdens	Short Term (Construction)	Long Term (Post Construction)
Bodily impairment, infirmity, illness, or death	No	No
Air, noise, and water pollution and soil contamination	No	No
Destruction or disruption of man-made or natural resources, aesthetic values, or availability of public and private facilities and services	No	No
Adverse impacts on community cohesion or economic vitality	No	No
Noise and vibration	Yes	No
Increased traffic congestion, isolation, exclusion, or separation	No	No
Additional Anticipated Burdens	It is anticipated that the construction of the Mobility Hub will have short term noise and vibration burdens due to normal construction activities. These burdens will not occur post construction.	
Benefits		
Decrease in travel time	Yes	
Improved air quality	Yes	
Expanded access to employment opportunities	Yes	
Improved access to transit options and alternative modes of transportation (walking and bicycling)	Yes	
Additional Anticipated Benefits	The project will provide for more efficient travel in the project area, encourage electric vehicles in the community, as well as providing non-motorized travel options. The Mobility Hub will be a connector for the residential area to the schools, Centerplace, and hospitals immediately surrounding the Mobility Hub, which are areas of employment opportunities.	
Outreach		
The City of Greeley also has a very thorough public outreach process that will begin once the funding has been secured and continue throughout the construction phase. The City of Greeley has significant support for this project which was demonstrated as part of the 2021 RAISE grant application. Additionally, the Mobility Hub at Centerplace is included and shown as a part of LINKNoCo . The City has received numerous support letters from the Governor, US Senators, NFRMPO and others attached. Additional Information can be found on the project website .		

Criteria	Phemister Bridge and Trail	
Project Information		
Project included in the FY 2023-2026 TIP	Yes	
Within 1/4 mile of Equity Index Area	Yes	
Project Sponsor	Larimer County	
TIP ID	2023-018	
Project Type	Bike and Ped	
Funding Source	MMOF	
Call Awarded	2022	
Burdens	Short Term (Construction)	Long Term (Post Construction)
Bodily impairment, infirmity, illness, or death	No	No
Air, noise, and water pollution and soil contamination	No	No
Destruction or disruption of man-made or natural resources, aesthetic values, or availability of public and private facilities and services	No	No
Adverse impacts on community cohesion or economic vitality	No	No
Noise and vibration	Yes	No
Increased traffic congestion, isolation, exclusion, or separation	No	No
Additional Anticipated Burdens	Anticipated noise from earth-moving equipment to grade the trail and bridge. No anticipated closures of the Spring Creek Trail to construct the project as the Gardens on Spring Creek have already constructed their trail stub into their Great Lawn under a previous project. The bridge over Spring Creek will require "No-Rise" design in the flood plain to maintain existing flow and course.	
Benefits		
Decrease in travel time	Yes	
Improved air quality	Yes	
Expanded access to employment opportunities	Yes	
Improved access to transit options and alternative modes of transportation (walking and bicycling)	Yes	
Additional Anticipated Benefits	The project provides safe trail access for commuters. Air quality improved by reducing SOVs (7900 AADT - Center Ave). The trail connects 3 large activity centers (CSU Main & South Campus; Federal Center) and bi-directional transit stops for campus route (MMI 11 & 8) on Center Avenue.	
Outreach		
CSU Senior Engineering Students designed and cost-estimated the bridge and trail project for a Senior Capstone Project and presented this project at the Fort Collins Bicycle Open House. They also conducted a survey at the Gardens on Spring Creek of visitors to better understand demand for the trail. CSU and Bike Fort Collins conducted an open house at a student-housing development about the trail and risks of wrong-way riding. CSU and City of Fort Collins through the SPAR process will conduct neighborhood outreach about the project.		

Criteria	11 th St Multimodal Improvements	
Project Information		
Project included in the FY 2023-2026 TIP	Yes	
Within 1/4 mile of Equity Index Area	No	
Project Sponsor	Windsor	
TIP ID	2023-014	
Project Type	Multimodal Improvements	
Funding Source	MMOF	
Call Awarded	2022	
Burdens	Short Term (Construction)	Long Term (Post Construction)
Bodily impairment, infirmity, illness, or death	No	No
Air, noise, and water pollution and soil contamination	No	No
Destruction or disruption of man-made or natural resources, aesthetic values, or availability of public and private facilities and services	No	No
Adverse impacts on community cohesion or economic vitality	No	No
Noise and vibration	Yes	No
Increased traffic congestion, isolation, exclusion, or separation	Yes	No
Additional Anticipated Burdens	Typical construction noise and traffic control are anticipated during regular working hours (striping removal, equipment noise).	
Benefits		
Decrease in travel time	Yes	
Improved air quality	Yes	
Expanded access to employment opportunities	No	
Improved access to transit options and alternative modes of transportation (walking and bicycling)	Yes	
Additional Anticipated Benefits	Decrease in travel time and improved air quality could be benefits of this project if the existing RRFB crossing Main St east of the 11th St intersection is warranted to be removed and replaced by improvements at the SH392 & 11th St signalized intersection. The Town's current Design project includes evaluation of the existing RRFB crossing and analyses of each intersection along 11th St corridor.	
Outreach		
Olsson will develop in 2022 a public engagement plan that incorporates coordination and collaboration with the Windsor Police Department, Windsor Community Recreation Center, Windsor High School, and the Development team(s). Includes time for coordination meetings during Design to listen to community members, knowing that community buy-in is critical to project implementation. One formal public meeting is assumed after developing preliminary design plans and coordination with the stakeholders. Olsson will develop exhibits for the public event and plan to attend the public open house meeting in person.		

Criteria	COLT Route Expansion	
Project Information		
Project included in the FY 2023-2026 TIP	Yes	
Within 1/4 mile of Equity Index Area	Yes	
Project Sponsor	Loveland	
TIP ID	2023-016	
Project Type	Transit	
Funding Source	MMOF	
Call Awarded	2022	
Burdens	Short Term (Construction)	Long Term (Post Construction)
Bodily impairment, infirmity, illness, or death	No	No
Air, noise, and water pollution and soil contamination	No	No
Destruction or disruption of man-made or natural resources, aesthetic values, or availability of public and private facilities and services	No	No
Adverse impacts on community cohesion or economic vitality	No	No
Noise and vibration	No	No
Increased traffic congestion, isolation, exclusion, or separation	No	No
Additional Anticipated Burdens	None Reported	
Benefits		
Decrease in travel time	Yes	
Improved air quality	Yes	
Expanded access to employment opportunities	Yes	
Improved access to transit options and alternative modes of transportation (walking and bicycling)	Yes	
Additional Anticipated Benefits	Addition of a transit route improves access to human services and employment opportunities while improving air quality by reducing single occupancy vehicles.	
Outreach		
This project is identified in the Connect Loveland Master Plan that is awaiting adoption and went through the public involvement process and public outreach associated with creating the plan.		
Upon notification of award additional public outreach targeted at residents within the service area will be performed following COLT's Title VI public involvement plan.		

Criteria	William Neil/Ziegler Int Improvements	
Project Information		
Project included in the FY 2023-2026 TIP	Yes	
Within 1/4 mile of Equity Index Area	Yes	
Project Sponsor	City of Fort Collins	
TIP ID	2024-010	
Project Type	Bike/Ped Improvements	
Funding Source	TA	
Call Awarded	2023 – Additional Allocations	
Burdens	Short Term (Construction)	Long Term (Post Construction)
Bodily impairment, infirmity, illness, or death	No	No
Air, noise, and water pollution and soil contamination	No	No
Destruction or disruption of man-made or natural resources, aesthetic values, or availability of public and private facilities and services	Yes	No
Adverse impacts on community cohesion or economic vitality	No	No
Noise and vibration	Yes	No
Increased traffic congestion, isolation, exclusion, or separation	No	No
Additional Anticipated Burdens	None Reported	
Benefits		
Decrease in travel time	No	
Improved air quality	Yes	
Expanded access to employment opportunities	Yes	
Improved access to transit options and alternative modes of transportation (walking and bicycling)	Yes	
Additional Anticipated Benefits	Although a potential signalized pedestrian crossing may not have significant air quality benefits in the short term, encouraging a mode shift from vehicles to non-motorized transportation will likely have long-term air quality benefits. By providing a safe multimodal connection, the Project supports this mode shift.	
Outreach		
The City has received numerous requests from the public for an improved pedestrian and bicycle crossing at the intersection, including requests through the Active Modes Plan update, which is currently underway. Extensive outreach has occurred for the Poudre River Trail completion. For this Project specifically, the City will develop a project website and potentially conduct open house events or discuss the project and transportation fairs.		

Criteria	Power Trail Grade Separated Crossing	
Project Information		
Project included in the FY 2023-2026 TIP	Yes	
Within 1/4 mile of Equity Index Area	No	
Project Sponsor	City of Fort Collins	
TIP ID	2024-008	
Project Type	Bike/Ped	
Funding Source	CMAQ	
Call Awarded	2023 – Additional Allocations	
Burdens	Short Term (Construction)	Long Term (Post Construction)
Bodily impairment, infirmity, illness, or death	No	No
Air, noise, and water pollution and soil contamination	Yes	No
Destruction or disruption of man-made or natural resources, aesthetic values, or availability of public and private facilities and services	No	No
Adverse impacts on community cohesion or economic vitality	No	No
Noise and vibration	Yes	No
Increased traffic congestion, isolation, exclusion, or separation	Yes	No
Additional Anticipated Burdens	Construction activities will have minor impacts such as noise. Vehicular traffic on Harmony Road may have partial or full closures during construction. However, the City and contractor will make every effort to minimize impact severity and duration.	
Benefits		
Decrease in travel time	Yes	
Improved air quality	Yes	
Expanded access to employment opportunities	Yes	
Improved access to transit options and alternative modes of transportation (walking and bicycling)	Yes	
Additional Anticipated Benefits	The Project will complete the final missing segment of regionally significant trail from the Poudre River Corridor to the Big Thompson Corridor. As a result, vulnerable populations will have safe, comfortable connectivity throughout the region, including access to schools, employment opportunities, businesses, and recreation destinations.	
Outreach		
The Project was identified in a grade-separated crossing study as the highest priority. The study was presented at various boards, commissions, and advocacy groups. The Project maintains a website and has been presented at boards, commissions, advocacy groups, a transportation fair, and to various stakeholders. Outreach will continue through design and construction.		

Criteria	Great Western Trail Crossing & Paving	
Project Information		
Project included in the FY 2023-2026 TIP	Yes	
Within 1/4 mile of Equity Index Area	Yes	
Project Sponsor	Severance	
TIP ID	2025-003	
Project Type	Bike/Ped Improvements	
Funding Source	STBG/TA	
Call Awarded	2023 – Additional Allocations	
Burdens	Short Term (Construction)	Long Term (Post Construction)
Bodily impairment, infirmity, illness, or death	No	No
Air, noise, and water pollution and soil contamination	No	No
Destruction or disruption of man-made or natural resources, aesthetic values, or availability of public and private facilities and services	No	No
Adverse impacts on community cohesion or economic vitality	No	No
Noise and vibration	Yes	No
Increased traffic congestion, isolation, exclusion, or separation	No	No
Additional Anticipated Burdens	Potential burdens include limited access for adjacent residents during construction.	
Benefits		
Decrease in travel time	No	
Improved air quality	Yes	
Expanded access to employment opportunities	No	
Improved access to transit options and alternative modes of transportation (walking and bicycling)	Yes	
Additional Anticipated Benefits	Safe routes to school for residents, improved and safer routes to parks, Town amenities, and the larger trail network in the region.	
Outreach		
The Town of Severance conducted outreach through Open Houses and discussions with residents at Town sponsored events and has heard a community need and desire for better and safer pedestrian crossings.		

Criteria	CR74 and CR31 Roundabout	
Project Information		
Project included in the FY 2023-2026 TIP	Yes	
Within 1/4 mile of Equity Index Area	Yes	
Project Sponsor	Weld County	
TIP ID	2025-005	
Project Type	Intersection Improvements	
Funding Source	CMAQ	
Call Awarded	2023 – Additional Allocations	
Burdens	Short Term (Construction)	Long Term (Post Construction)
Bodily impairment, infirmity, illness, or death	No	No
Air, noise, and water pollution and soil contamination	No	No
Destruction or disruption of man-made or natural resources, aesthetic values, or availability of public and private facilities and services	No	No
Adverse impacts on community cohesion or economic vitality	No	No
Noise and vibration	Yes	No
Increased traffic congestion, isolation, exclusion, or separation	No	No
Additional Anticipated Burdens	There are no anticipated burdens to the local community.	
Benefits		
Decrease in travel time	Yes	
Improved air quality	Yes	
Expanded access to employment opportunities	Yes	
Improved access to transit options and alternative modes of transportation (walking and bicycling)	Yes	
Additional Anticipated Benefits	Development opportunities will be improved because of the project.	
Outreach		
Targeted public outreach occurred during the development of the Weld County Road 74 Access Control Plan planning effort. Staff continually informs the public of projects occurring along the corridor.		

Criteria	Harmony Rd & CR19 Int Improvements	
Project Information		
Project included in the FY 2023-2026 TIP	Yes	
Within 1/4 mile of Equity Index Area	Yes	
Project Sponsor	Severance	
TIP ID	2024-009	
Project Type	Intersection Improvements	
Funding Source	STBG	
Call Awarded	2023 – Additional Allocations	
Burdens	Short Term (Construction)	Long Term (Post Construction)
Bodily impairment, infirmity, illness, or death	No	No
Air, noise, and water pollution and soil contamination	Yes	No
Destruction or disruption of man-made or natural resources, aesthetic values, or availability of public and private facilities and services	No	No
Adverse impacts on community cohesion or economic vitality	No	No
Noise and vibration	Yes	No
Increased traffic congestion, isolation, exclusion, or separation	Yes	Yes
Additional Anticipated Burdens	There are no anticipated burdens to the local community.	
Benefits		
Decrease in travel time	Yes	
Improved air quality	No	
Expanded access to employment opportunities	No	
Improved access to transit options and alternative modes of transportation (walking and bicycling)	No	
Additional Anticipated Benefits	Improved safety at a major intersection, improvements to major freight route.	
Outreach		
Town staff has completed outreach with Town residents at Severance Days. Through Town Council meetings, all of which are open to the public and publicly noticed, we have conducted an Intersection Control Analysis review and received citizen support for signaling the intersection. Town staff has also coordinated with neighboring property owners and utility companies in the area. Town staff would be willing to do additional outreach if required.		

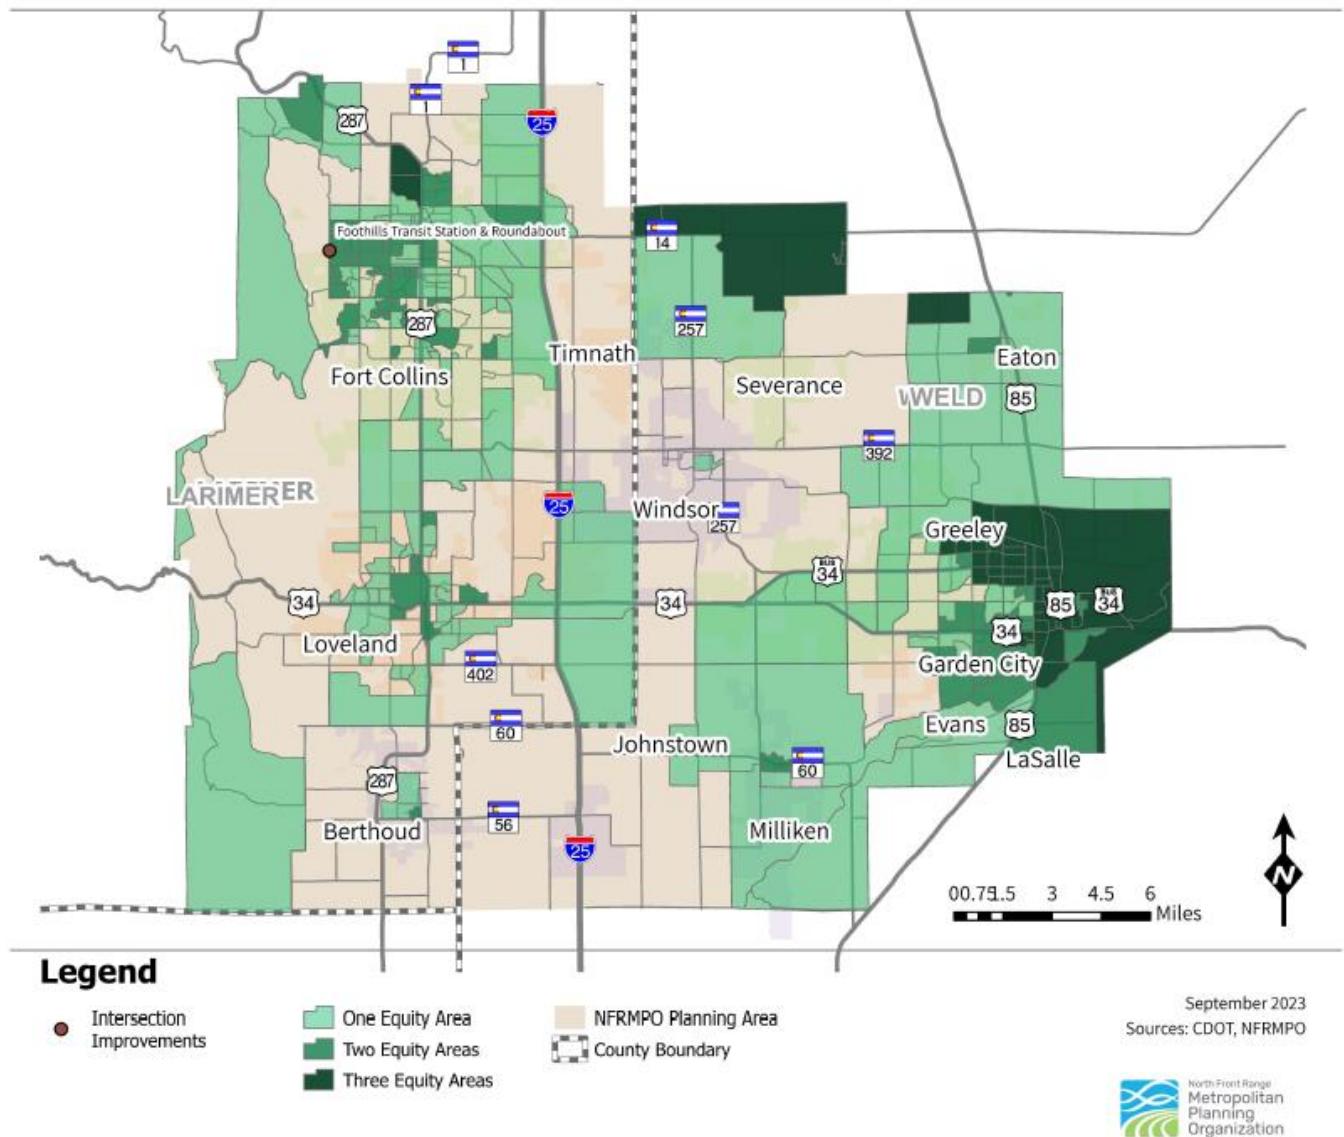

Criteria	On-Route BEB Chargers - STC	
Project Information		
Project included in the FY 2023-2026 TIP	Yes	
Within 1/4 mile of Equity Index Area	Yes	
Project Sponsor	City of Fort Collins	
TIP ID	2025-004	
Project Type	Charging and Fueling Infrastructure	
Funding Source	MMOF	
Call Awarded	2023 – Additional Allocations	
Burdens	Short Term (Construction)	Long Term (Post Construction)
Bodily impairment, infirmity, illness, or death	No	No
Air, noise, and water pollution and soil contamination	No	No
Destruction or disruption of man-made or natural resources, aesthetic values, or availability of public and private facilities and services	No	No
Adverse impacts on community cohesion or economic vitality	No	No
Noise and vibration	No	No
Increased traffic congestion, isolation, exclusion, or separation	No	No
Additional Anticipated Burdens	Transfort believes that this project will qualify for a Categorical Exclusion under NEPA.	
Benefits		
Decrease in travel time	No	
Improved air quality	Yes	
Expanded access to employment opportunities	No	
Improved access to transit options and alternative modes of transportation (walking and bicycling)	No	
Additional Anticipated Benefits	Deploying battery electric buses on routes originating from the South Transit Center will reduce greenhouse gas and particulate matter emissions, reduce noise pollution, and improve quality of life adjacent to the service area. Transitioning to an electric fleet will minimize disproportionately high and adverse health and environmental effects on low income and EJ populations.	
Outreach		
The City of Fort Collins engaged with the public, local business, and other stakeholders to develop and EV Readiness Roadmap this is comprehensive, holistic and serves all members of the community. Stakeholders were engaged through an EV Readiness Steering Committee, engagement during community meetings, social media, email and web updates and a web-based community questionnaire.

EQUITY ANALYSIS AMENDMENTS

September 2023 TIP Amendment

Criteria		
Project Information		Foothills Transit Station and Roundabout
Project included in the FY 2022-2025 TIP		No
Project located 1/4 mile of an Equity Index Area		Yes
Project Sponsor		City of Fort Collins
TIP ID		2024-014
Project Type		Intersection and Transit Improvements
Funding Source		RAISE/Local
Call Awarded		N/A
Burdens (Yes/No)	Short Term (Construction)	Long Term (Post Construction)
Bodily impairment, infirmity, illness, or death	No	No
Air, noise, and water pollution and soil contamination	Yes	No
Destruction or disruption of man-made or natural resources, aesthetic values, or availability of public and private facilities and services	No	No
Adverse impacts on community cohesion or economic vitality	No	No
Noise and vibration	No	No
Increased traffic congestion, isolation, exclusion, or separation	Yes	No
Additional Anticipated Burdens		
N/A		
Benefits (Yes/No)		
Decrease in travel time	Yes	
Improved air quality	Yes	
Expanded access to employment opportunities	Yes	
Improved access to transit options and alternative modes of transportation (walking and bicycling)	Yes	
Additional Anticipated Benefits		
Additional benefits include mitigating safety issues, reduce traffic congestion, and improved service planning.		
Outreach		
Community outreach was conducted by a third-party contractor, Fehr & Peers. Feedback was received 341 respondents reaching a broad cross-section of current and future stakeholders including employers, employees, residents, students, visitors, and recreationalists. A copy of the public outreach summary is available upon request.
